

Cooling Only Inverter Air Conditioner

Reliable

Golden Fin

Reliable

Golden Fin

The unique anticorrosive golden coating on the heat exchangers can withstand the salty air, rain and other corrosive elements. It also effectively prevents bacteria from breeding and improves heat efficiency.

Test 1

Common Fin

Golden Fin

Test 2

Common Fin

Golden Fin

Test1 : 1000h neutral salt spray (equivalent to 10+ years of service life under normal conditions):
protection level ≥ 9.5 , without perforation.

Test2 : Acid resistance tests for 30 minutes (equivalent to 10,000 times accelerated acid rain test):
corrosion area $\leq 0.5\%$.

Reliable

Golden Fin

After one year of operation, the prototype with golden coating shows better performance in all working conditions than the prototype with blue coated foil.

Capacity  Blue Fin  Golden Fin

Reliable

Golden Fin

Dry-wet cycle tests 3000 times (equivalent to using an air conditioner for 10 years): the golden fin still has good hydrophilicity (hydrophilic angle $\theta \leq 30^\circ$).

Reliable

Fireproof Electronic Control Box

The electric control box uses ABS material with a 5VA flame retardant rating, and the outer surface is covered with sheet metal, which isolates the electric control box from fire.

Reliable

Refrigerant Leakage Detection Error Code

The system will stop operation automatically to ensure safety once the refrigerant leakage is detected.

ZERØ

Cooling

Flash Cooling

ZERO inverter air conditioners use high-frequency compressor start up technology to generate a strong flow of cool air in an extremely short time for your instant coolness.

Cooling

High Efficiency Tube

Increase the number of inner groove teeth from **45 to 54**, which enlarges the heat transfer area and increases heat transfer efficiency up by **7.3%**.

Conventional Tube High Efficiency Tube

Total heat transfer coefficient
(W/m²·K)

Energy Saving ECO mode

The air conditioner is equipped with the ECO energy-saving technology, which perfectly synergized with highly efficient inverter technology. You can indulge in comfortable coolness while significantly reducing energy consumption over 8 hours.

Healthy

Super Ionizer (Optional)

Release high-concentration positive
(3,500,000 n/cm³)
 and negative ions
(10,000,000 n/cm³)
 to purify the indoor air.

Smart Smart Diagnosis

ZERO Smart Diagnosis automatically tests 97 functions via its mobile app. Once a problem is detected, the air conditioner will display the error code “EC”. By simply swiping your finger you can give your air conditioner a checkup, allowing you to conduct maintenance in a timely manner. It’s just like having a private doctor for your air conditioner.
